EDUCATION

- **Dayananda Sagar College of Engineering**
  B.E in Electrical and Electronics Engineering; CGPA: 7.5
  Bengaluru, India
  July 2022 - May 2026 (expected)

- **Shaheen Indp PU College**
  Central Board of Secondary Education - XII Grade:82.6%
  Karnataka, India
  Jan 2020- Jan 2022

- **Sri Dattagiri Maharaj Public School**
  Central Board of Secondary Education - X Grade:-85%
  Karnataka, India
  Jan 2017- Jan 2020

PROJECTS

- **Portfolio Website**
  Github ↗
  - Developed an interactive and dynamic portfolio website using React, showcasing personal projects and achievements.
  - Designed and implemented a fully responsive UI/UX using modern CSS techniques such as Flexbox and Grid.
  - Integrated animations and transitions to enhance user experience using React and CSS.
  - Implemented a light/dark theme toggle for improved accessibility and user preference.
  - Optimized the website for performance and SEO using React best practices and meta tags.

- **Paste App**
  Github ↗
  - Developed a front-end web application using React for managing and sharing text snippets efficiently.
  - Implemented Redux Toolkit for centralized state management, improving performance and scalability.
  - Utilized React Router for dynamic navigation, enabling seamless routing between different views.
  - Designed and built a responsive UI/UX with features like real-time line numbering, synchronized scrolling, and toast notifications.
  - Integrated dynamic theming for better accessibility and user experience.
  - Optimized the application for performance using React best practices, ensuring smooth interactions and navigation.

- **Music App**
  Github ↗
  - Developed a full-featured music streaming web application using React and Tailwind CSS for a modern and responsive UI.
  - Implemented React Router for seamless navigation between different sections, including playlists, favorites, and album details.
  - Integrated real-time playback controls with dynamic track selection and audio streaming.
  - Designed an optimized UI with Tailwind CSS utility classes, ensuring a visually appealing and mobile-friendly experience.
  - Enhanced the application with state management using Context API for efficient data flow and improved performance.

SKILLS

- **Programming Languages**: C++ , Java , JavaScript
- **Technologies and Frameworks**: React.Js , Tailwind CSS
- **Database Systems**: MySQL , MongoDB
- **Other Skills**: Data Structures and Algorithms, Object Oriented Programming (OOPs)

ACHIEVEMENTS

- Solved more than 200+ problems on **Leetcode** ↗ , **GeeksforGeeks** ↗ and **Coding Ninjas** ↗

- Participated in the **ROTECH Hackathon**, organized by BMSCE, and secured a position among the Top 10 teams.
